

# Fun with Science

A colorful illustration for the 'Fun with Science' header. It features a green frog sitting on a rainbow, a sunflower, a beaker with green liquid, and a test tube with red liquid.

## Save the Egg!!

### Things you will need:

- Eggs
- String
- Straws
- Cardboard
- Cotton wool
- Fabric
- Whatever else you think!

### Instructions:

This one is always great fun! You need to drop an egg from a high point (could be out of a second floor window) but you need to find a way to protect it so that it does not break. You can use whatever materials you can find around the house that you think will work. You could wrap it up or build a container for it to fit into or even build your egg a parachute.
